38mm POSTFORMED LAMINATE
WORKTOPS, SPLASHBACKS & UPSTANDS

Making Life Nice & Easy

Combining a gently undulating surface with a subtle gloss element, the softly shimmering patina entices the eye and is appealing to the touch.

Burnish works beautifully on stone decors, refracting the light to give the surface wonderful depth and clarity; the perfect finish to our authentic 180fx stone effects.

From statement stones to contemporary black, white and grey, Burnish takes minimalist to another dimension. The depth of texture, the flow of colour and play of light and shadow erupt through a glittering crystalline surface that changes with sunlight or focused pelmet lighting.
